

What is the best way to get frankincense (*Boswellia Carteri* and *Boswellia Frereana*) and myrrh (*Commiphora Myrrha*) resins (tree sap) from Somaliland and certified by the Somaliland Organic Certification Program (SOCP) certified as USDA organic?

Go to the NOP website @ <http://www.ams.usda.gov/nop> and click on "Certifying Agents." Click on the "List of USDA Accredited Certifying Agents," then choose either domestic or foreign to find the closest Certifying Agent to you or one that is operating in your area. Once you choose a Certifying Agent, and contact them, they will be able to explain all the steps required for certification. The NOP only accredits organizations to certify to the NOP standards.
